QUALITY POLICY

Our overall objective is to provide the highest quality of customer service and care with strict adherence to agreed specifications and applicable statutory and regulatory requirements. We are committed to managing our services to the highest possible standards and in accordance with the requirements of the ISO 9001:2008 Quality Management Standards and to use this system as a framework for establishing and reviewing our quality objectives.

Our services are managed and carried out by experienced and trained employees, who receive every support from management in order to fulfil their responsibilities and achieve high performance levels, thereby promoting the confidence of customers in the company. We continually strive to meet the requirements of our customers, without compromising company policy, stated quality objectives and statutory/regulatory requirements.

To achieve this, KSB shall apply a system approach to Quality Management, using the following parameters as veritable Quality tools:

- Management Responsibility
- Resource Management
- Product Realization
- Measurement, Analysis and Improvement

Our quality policy is based on 3 fundamental principles:

- Ensuring that we fully identify and conform to the needs of our Client
- Looking at our service provision processes, identifying the potential for errors and taking the necessary action to eliminate them.
- Everyone understanding how to do their job and doing it right first time.
- Continuous Improvement in all tasks and activities

Enterprises : IS ALSO INTO PROJECT MANAGEMENT
AND CONSTRUCTION SERVICES

/ INCEPTION

The cost planning and value management process begins when you first contemplate building as an option. Your ability to influence cost is highest in the early stages and we work hard to give you the confidence to make the important decisions.

/ CONTROL

Having the right tools and the right people to advise you removes complexity and stress from project delivery. We are trained and experienced in removing financial surprises from the building process.

/ SUPPORT

As your project develops from an idea into commercial interaction with the building industry, we are there to advise on how to achieve your objectives. We know the construction industry and how to secure its best.
